License/Non-Disclosure Agreement

Through your execution of this document, Estima hereby grants to you ("Licensee"), and you accept, a non-exclusive license to install, use, modify, and execute the computer software RATS (the "Software"). There are two forms for this license. Initial the one which is applicable before returning signed copy.

_____ A Single-User License. This permits the use of the Software on a single computer owned, leased or otherwise controlled by you. Neither concurrent use on two or more computers nor use in a local area network or other network is authorized without payment of additional fees,

_____ A Multi-User license with a User Limit of _____ users. You (the Licensee) may (a) install this on the number of computers indicated by the User Limit, solely for use by your employees (and students for institutions of higher learning), or (b) install this on a single local area network provided the number of simultaneous users is limited to the User Limit. If the User Limit is "Unlimited", you may do both. As this is a perpetual license, you are responsible for seeing that the software is removed from computers installed under option (a) when the computer no longer is in the possession of an employee or student.

You agree to restrict as far as is reasonably possible the use of the executable version of the Software to bona fide users of your organization. You further agree not to market, sell, or sublicense either the Software (including source code and object code) or the documentation, or authorize any other person or entity to use or copy it.

Licensee acknowledges Estima's claim that the Software and its documentation are unpublished works for purposes of U.S. copyright law and embody valuable confidential and secret information of Estima. Licensee shall use reasonable efforts to treat the Software and its documentation in confidence and not to use, copy, or disclose the same for any purpose not specifically authorized under this Agreement. Licensee is authorized under this Agreement to make archival copies of the Software for the sole purpose of backing up the Software.

Limited Warranties:

1. Estima does not warrant that the program will meet your requirements, or that operation of the program will be uninterrupted or error-free. Estima, however, warrants the media on which the program is furnished to be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date of delivery to you, as evidenced by a copy of your receipt. Your exclusive remedy for breach of this warranty shall be the replacement (without charge to you) of a disk not meeting Estima's warranty.

2. Estima warrants that the software does not infringe the rights of any other person or entity. Your exclusive remedy for breach of this warranty is whichever one of the following Estima selects: (a) modify the software so as to no longer be infringing; (b) replace the software with non-infringing software; or (c) upon return of the software, refund your license fee.

Estima makes no other warranties, either express or implied, and Estima shall not be liable for implied warranties of merchantability and fitness for a particular purpose, nor for the special, incidental, or consequential damages such as loss or profits or inability to use the software. Some states do not allow the exclusion or limitation of implied warranties or limitation of liability for damages, so the above limitation or exclusion may not apply to you.

Governing Law:
This license is governed by the laws of the State of Illinois and the United States of America.
